THE RED HEN PROJECT

Raising a family is tough

Hundred Houses tenants in CB4 with a child age 3-11 can now access help from Red Hen!

Exclusively in CB4, for 25 years we've supported families experiencing many different challenges, e.g.:

- you and your child's well-being - increase confidence and self-esteem, reduce anxiety
- help with behaviour strategies, routines etc
- address reluctance to attend school
- money matters - benefits, debt, etc
- bereavement, relationship breakdown

....and anything else that is making life difficult

"We have had great support from Red Hen and things have changed for the better."

Meet our our amazing team - supporting families to raise happy, healthy and independent children – promoting positive, confident parenting and cooperative relationships between schools and families.
